

Higher Classification¹

Kingdom: Protista, **Phylum:** Amebozoa, **Subphylum:** Myxomycota, **Class:** Myxomycetes

Order (O:) and Family (F:)	Scientific Name ¹	English Name(s) ²
O: Liceales		
F: Reticulariaceae	Lycogala epidendrum	Wolf's Milk, Groening's Slime
	Tubifera ferruginosa	Red Raspberry Slime
O: Physarales		
F: Physaraceae	Fuligo septica	Dog Vomit Slime, Scrambled Egg Slime, Flowers of Tan
	Physarum bivalve	
	Physarum sp.	
O: Protosteliales		
F: Ceratiomyxaceae	Ceratiomyxa sp.	
O: Stemonitales		
F: Stemonitidaceae	Stemonitis sp.	
	Stemonitopsis sp.	
O: Trichiales		
F: Arcyriaceae	Arcyria spp.	
F: Trichiaceae	Trichia sp.	

NOTES:

Species identified primarily by Baptiste Saunier.

Short-forms: sp. = one species of the given genus identified; spp. = more than one of species of the given genus identified
